SEA – PORT & SHIPPING SERVICES

With 850m of prime river frontage, load-out and heavy-lift quays, lifting capacity up to 215 tonnes and a renowned strength in cargo handling and distribution, AV Dawson is the natural choice for all your sea-freight and project cargo requirements.

AV Dawson boasts four rail linked berths along 850m of quayside which can accommodate ships up to 220m length and 30m beam, with a maximum draft of 8.5m. The facility is supported by a variety of onsite fixed and mobile cranes, reach stackers and forklift trucks enabling fast and efficient loading and unloading of all cargo types.

With the added benefit of its in-house, onsite shipping agency, Cockfield Knight, working closely with AV Dawson's quayside team, it provides you with a fast and effective service.
