Welcome to Allen Hire

OUR OFFERING

We focus on getting the basics right! Providing the right equipment, at the right time, at the right price. Providing real value to help you deliver profitability.

We specialise in welding & engineering equipment, plant & tools with a variety of additional products available via our supply partners.

FAMILY VALUES

Being a family run organisation, Allen Hire lives the values of **Excellence, Honesty, Courage** and **Learning**. We are always here when you need us, which is why our customers keep returning. We build trust with our customers and suppliers alike, and always strive for 'win-win' in every transaction.

RAPID RESPONSE

Our Customers range from national contractors on large infrastructure projects, to specialist trades engaged within the industrial sector.

Every client enjoys a rapid response, whether it be answering the phone, delivering an item of equipment, or resolving a query. We're always on it!

QUALITY, MAINTAINED EQUIPMENT

All our kit is meticulously maintained to exacting standards. Every item undergoes our rigorous multi-point check prior to leaving the premises. Our clients can rest assured that the equipment will perform to the highest standards with no wasted downtime.

CUSTOMER DELIGHT

We do the right things at the right time. We aim to leave every customer with a smile!

INDUSTRY SECTORS WE SUPPORT

Engineering

Construction / Fitout

Facilities

Maintenance

Civils / Groundwork

We believe in getting the basics right and doing them well, that's how we add value for our customers.

WELDING

We have many different forms of welding equipment available for all types of applications. Our technical experts are on hand to advise and assist with the best set for the job on hand.

Ask the team about the various accessories we offer too.

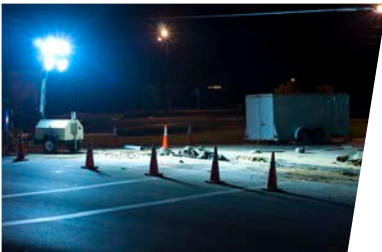

ACCESS

Our range of access equipment covers most eventualities. Whether a ladder, aluminium tower, single person lift, or a multi-person scissor deck, we have the equipment to suit. All items are fully certified and maintained to the highest standard. Safety is our priority.

SMALL TOOLS

Let us be your one stop shop! Our range of tools is extensive and always growing – feel free to challenge us for any item. Requirements for hydraulic power tools, electric equipment and hand tools are all catered for.

LIGHTING

From single-fitting interior tripod stands, to large exterior lighting towers, we have something for every lighting application. Power generation is also covered in our range of products.

PLANT

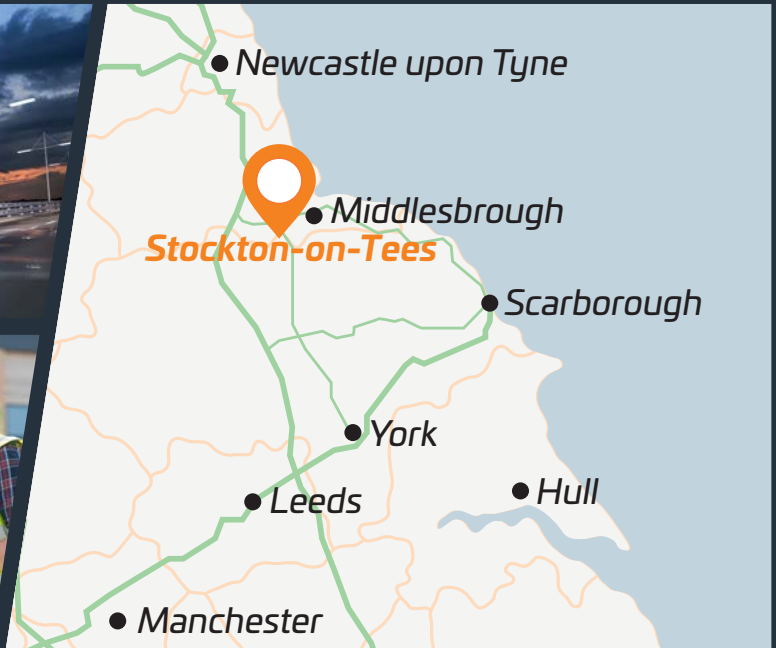

Suitable for groundworkers and civils contractors alike, our plant is a key part of the range. Excavators, dumpers, rollers are all available for short or long term hire as required. Insurance also available, please enquire for further details.
